INTRODUCTION

Welcome to Vernon Christian School. We are an interdenominational school founded on evangelical Christian beliefs, and focused on providing a wholesome Christian education for Preschool to Grade 12.

The purpose of this handbook is to acquaint parents and students with our vision, educational philosophy and principles of operation. It is our hope that it will answer some of your initial questions. For further information, please contact our school office (info@vcs.ca), and we will be happy to assist you.

BRIEF HISTORY OF VCS

In 1974 a group of Christian families in the Vernon area were led to act upon the vision given to them by God to establish a school that would provide a Preschool to Grade 12 Christian Education for their own and future children.

Believing God gives parents the responsibility for educating their children, these parents formed the Vernon Christian School Society. Its objective was to establish a Christian Day School in Vernon whose purpose would be to serve as an educational arm of the Christian home. The vision became reality in 1977 when Vernon Christian School first opened its doors at its present Elementary Campus location. Within ten years the school had grown to a student population of 116 students. In 1989 a Kindergarten program was established at VCS. As the student population grew, so did the need for expansion of school facilities. The 1994/1995 school year was celebrated with the opening of a new gymnasium, and in September 1997 the concept of a Middle High School was introduced for Grades 7, 8 and 9. The opening of the Secondary Campus in 2004 completed the vision that started so many years ago!

AFFILIATION

Vernon Christian School is associated with the Society of Christian Schools in B.C. Our representation to government and society is through the Federation of Independent School Associations.

EDUCATIONAL PHILOSOPHY

The educational philosophy of Vernon Christian School is based on a God-centered view of man and truth as presented in the Bible. Since God created and sustains all things through His Son, Jesus Christ, the universe and all life are dynamically related to God and have the purpose of glorifying Him. This is pointedly true of man who was made in God's image, different in kind from all other creatures, with the unique capacity to know and respond to God personally and voluntarily. Because man is a sinner by nature and choice, he cannot, in this condition, know or honor God in his life. He can do this only by being born again to do God's will.

The authority for education comes both from God's command that children be taught to love God and place Him first in their lives, and from the fact that parents are responsible for the total education and training of their children. At the parents' request, the Christian School, along with the Church, becomes a partner in this education.

From this philosophy stem the following principles:

The Bible

That God by His Holy Word reveals Himself and also renews man's understanding of God, of man himself, of his fellow man and of the world; directs man in those relationships including directing parents in the education of their children.

Creation

That God created the world, and that in their education children must learn that the world, its development and history, can be understood only through its relationship to the Triune God who by His providence upholds all things.

Life

That life in its entirety is service to God. We either obey or disobey Him. Education too, must be carried out in obedience to God.

Sin

That sin alienates us from God, our fellow man, our world, the meaning and purpose of life and the wisdom God gives us to educate our children.

Jesus Christ

That Jesus Christ our Savior and Lord, by renewing our hearts through the power of His Spirit makes it possible for us to view the world correctly. Jesus Christ is the Redeemer of man and life and in Him only are we able to rediscover the true meaning of life.

School

That the purpose of Christian schools is to educate children for a life of obedience to Christ and to walk as image bearers and stewards of His creation.

Parents

That the primary responsibility for the education of children rests with the parents, to whom God has entrusted them. Parents may not revoke that responsibility and give it over to the state, but seek to entrust their child's education to Vernon Christian School whose vision is to train a child to have *a heart of God and a mind for the truth*.

Teachers

That Christian teachers giving instruction in Christian Day Schools in cooperation with parents, are responsible to God to give Christian leadership in all aspects of the curriculum and also to give example by their personal conduct.

Educational Freedom

That Christian Schools organized and administered in accordance with lawful standards and

requirements as set by the Department of Education of the Province of British Columbia, should be fully recognized in society as free to function according to their principles.

IMPLEMENTATION OF EDUCATIONAL PHILOSOPHY

The philosophy of the Vernon Christian School is embodied in the school's mission statement; it defines the role of the school as educators and enablers of children. It is founded on God as creator and Jesus as redeemer. At the same time the philosophy is implemented through the curriculum with the cooperation of the staff, parents, Vernon Christian School Society, the School Board and Education Committee.

Bible Studies, Devotions, Chapels

Study of God's word in the Bible is the cornerstone of Christian Education. Through it, students are reminded that all true knowledge is and must be Biblically founded. Daily devotions give teachers and students a chance to tell one another of God's faithfulness to them in their own lives and to bring all things to Him in prayer. Chapels give the school community a time to celebrate and share God's goodness in a corporate setting. Chapels at the Elementary Campus follow the Christian calendar. They are held approximately every two weeks and involve much student participation and leadership. At the Secondary Campus chapels are held weekly and as at the Elementary Campus leadership students are very involved in the planning and delivery of chapels.

Curriculum

Vernon Christian School follows the Society of Christian Schools in BC curriculum guidelines. The "Integrated Resource Packages" of the Ministry of Education of BC are being adhered to in as far as they agree with the schools educational philosophy. Materials from Christian School International and other Christian publishers are also used to supplement the different areas of study offered by Vernon Christian School. God's Word is applied to all subjects.

Preschool and the primary years from Kindergarten to Grade 3 welcome children into our community of learners at VCS. They are the foundational years for nurturing an attitude of wonder and delight in learning and for experiencing success in acquiring basic skills. Our curriculum includes prayer and study of Bible stories, music and art, the enjoyment and reading of literature, phonics and spelling, writing and drama, PE and, science and social studies, math, special multi-age themes, and resource-based learning which integrate classroom study with library skills. Learning is structured so as to have a balance of direct instruction, meaningful practice, exploration of materials and ideas. Students are given daily opportunities to praise God, share, cooperate and serve others. Parents are welcome to be involved in their child's primary classroom. Reporting to parents primary will be anecdotal in nature.

Grades 4, 5 and 6 are the intermediate years in the elementary school program. The same area of studies is explored but learning shifts from the acquisition of "basic skills" to applying those skills to all subject areas at a higher level of thinking. There is also more cooperative group work for the students. At the intermediate level reporting to parents begins to include percentages grades.

The Vernon Christian Secondary School program addresses the needs of students in Grades 7

to 12. The program is divided into two areas: Middle School (Grades 7 to 9) and High School (Grades 10 to 12). The curriculum is presented from a Christian perspective, and follows the BC Ministry of Education guidelines. Students who graduate from Vernon Christian School receive a BC Dogwood diploma and are fully equipped to apply at university, Bible College, trade school or any other post secondary education path they choose. Evaluation is continuous and formal reporting to parents occurs four times during the academic year.

At Vernon Christian Middle High School the curriculum has been expanded to include unique learning opportunities that go beyond BC Ministry of Education requirements. The use of a variety of technologies is woven into the fabric of learning at the Secondary Campus, both in the computer lab and in the shops.

Service

One of the most important components of the curriculum offered by Vernon Christian School is its focus on service. Service to others gives students a practical way to live out the gospel of salvation. It is how they can show the world that God is alive and real in their lives.

Students from Preschool to Grade 12 are given opportunities to serve in a manner that is appropriate for their grade level. For example, Grade 1 students have raised funds to purchase farm animals, personal belongings, and food for people in developing countries. Our school has also supported the Operation Christmas Child program. The High School students have served hot lunch to Vernon's homeless and have partnered with the Okanagan Gleaners to produce dried foods for disaster areas around the world. Our service program also includes a Grade 9 mission trip to Mexico that takes place in March.

Leadership

Vernon Christian School is intentional about teaching leadership skills to students at all grade levels. Formal instruction begins in intermediate and continues on through to Grade 12. In intermediate grades students partner with a primary classes in a school "buddy" program. They provide leadership on the playgrounds reducing the need for parent intervention.

At the Secondary level we provide leadership training for all grades. Junior leadership is offered at Grades 7 to 9 and senior leadership in Grades 10 to 12 as part of the High School Bible program. Activities involve organizing school events to raise funds for local and global issues and needs.

Graduate Profile

Vernon Christian School acknowledges that parents have the primary responsibility for educating their children. We walk along side of and support families in educating young people to have *a Heart for God and a Mind for Truth*.

It is the desire of the Vernon Christian School Community to honour God by graduating students who are:

- Striving to nurture, develop and apply their Biblical worldview in all facets of their lives.

Procedural Fairness

Vernon Christian School uses the general statement of principles from the Federation of Independent Schools Association document, *Procedural Fairness Best Practice Guidelines for Independent Schools* in order to ensure procedural fairness in the policies and procedures implemented.

Parents

The primary responsibility for the education of children rests with the parents. They in turn delegate part of the academic and spiritual instruction to the teachers during the time the children attend school. Teachers are responsible to God and parents to give Christian leadership in all aspects of school life. A healthy relationship between teachers and parents is vital to ensure the success of each child's education.

Parents are encouraged and welcome to visit the school and their children's classroom often. The parent/teacher relationship is further strengthened by parents volunteering their help for the various events and activities the school has planned.

Church

Church/Home/School function harmoniously together in providing Christian education. Families are encouraged to be actively involved in a church of their choice. Churches should view the Christian School as an extension of their ministry.

ACADEMIC POLICIES

Vernon Christian School wants students to commit to academic excellence. To that end we will:

- Partner with parents to see students achieve their potential for learning in all of their classes
- Support students' academic needs
- Develop a plan for each student to be able to graduate

Assessing Student Achievement

We believe that the purpose of grading is to communicate to parents, an accurate evaluation of a student's ability to meet the learning outcomes of each course/subject. Therefore, student progress is reported in two **separate** ways:

Grades: a percentage and/or letter-grade, which is a measurement of academic achievement (what a student knows and is able to do in relation to specific learning outcomes)

Behavior: descriptions of the characteristics, actions, and work habits that support achievement

Reporting on Student Progress

Each child is a unique individual. Therefore, the evaluation of students is reflected through both personalized teacher comments and the student's marks.

Report cards are issued four times per year in Grades 7 to 12 and 3 times per year in Kindergarten to Grade 6, at the end of each term. They report on achievement as well as work-habits and behavior. All evaluations of students are written to indicate learning progress and to encourage further academic growth.

Reports given at primary levels (Kindergarten to Grade 3) may be more anecdotal in nature. In these early years, children are at many different stages of development. They learn at different rates and in different ways according to their abilities, interests and opportunities. We know that it is not beneficial to make comparisons between children, so care is taken to evaluate each child in terms of what he/she can do.

It must be recognized that the report card does not present a complete picture of the student's progress. Therefore, in addition to report cards, interim reports (progress updates) will be made as needed via printouts, telephone, email, teacher/parent conferences, etc. The staff will inform parents immediately upon becoming aware of actual or anticipated difficulties. It is our

expectation that there will be complete cooperation between teachers and parents in their mutual efforts to help students overcome difficulties, and to help students achieve their academic potential.

Homework

Grades 1 – 3: Primary

Homework will be mainly assigned to make up for work missed, or to help individual students strengthen skills. The workload is normally gauged so that the average child will be able to complete assignments during regular school hours. We do encourage parental cooperation to supervise assigned homework, such as memory work, reading practice, etc.

Grades 4 - 6: Intermediate

At this level, good study habits and an increasing amount of responsibility will be developed. Parents are encouraged to take an active interest in the various accomplishments of their children. Praise as well as criticism is necessary for a child's emotional development. Please help children schedule their homework time. We feel school work should be a priority. If homework cannot be completed, parents are asked to send a note of explanation to the teacher. Unfinished or late homework assignments may result in after school detentions and will hinder the student's learning. All writing should be legible and neat.

Grades 7 - 12: Middle & High School

It must first and foremost be remembered that homework is an important part of the learning process for Middle and High School students, and is therefore an obligation not an option. It is expected that homework will be completed on time. In order to partner with parents in holding students accountable for their educational responsibilities, the Administration and staff at VCS are committed to providing a daily, supervised homework block. It is the goal of the school to teach positive attitudes towards homework and a good work ethic, as both are important for achieving academic success.

Student Recognition and Awards

Formal awards for Intermediate, Middle and High School students are given for Academic Achievement, Athletics, Citizenship and Most Improved Student. Teachers meet in early June to make decisions regarding the recipients of the above awards. The awards are presented at the final chapel of the year at each campus.

We believe that God desires all of us to accept responsibility for the development of our gifts. The Intermediate and Middle High School will honor excellence and hard work in our students in the following way:

Grades K-8	
Honour Roll	Achieves a “3” or higher in all but one course, which must be a “2”. Year-end report card includes no “N’s or I’s” for Work Habits or Attitude and Behavior.
Principal’s List	Achieves a “4” in all but one course, which must be a “3”. Year-end report card includes no “N’s or I’s” for Work Habits or Attitude and Behavior.
Grades 9-12	
Honour Roll	Achieves a “B” or higher in all but one course, which must be a “C” or “C+”. Year-end report card includes no “N’s or I’s” for Work habits or Attitude and Behavior.
Principal’s List	Achieves an “A” in all but one course, which must be a “B”. Year-end report card includes no “N’s or I’s” for Work Habits or Attitude and Behavior.

Students obtaining the above recognition will receive a certificate at the year-end Awards ceremony, as we feel it is important to acknowledge excellence in effort and achievement by students. It tells students that their labours have not gone unnoticed and encourages them to give their best effort in the future.

DISCIPLINE POLICIES

Introduction

The Administration and Teachers of Vernon Christian School, in cooperation with the parents, will create a positive learning environment through consistent discipline. All parents are required to read, and encourage their children to adhere to the school’s Standards of Conduct that have been established for both campuses. Parents and/or students in Grades 4 to 12 are required to sign the Consent Form showing their understanding and agreement to the Standards of Conduct. Corporal punishment is not practiced at Vernon Christian School. Discipline will normally be in the form of additional work, chores, detentions or suspensions.

School Discipline Policy

Student disciplinary concerns are generally dealt with at the classroom level. Teachers will be sensitive to student differences and will notify parents, seeking their involvement early if necessary. If, however, a major disciplinary infraction or a series of minor infractions typifying a belligerent attitude occurs, the student will be sent to the Principal’s office. Each campus has developed specific procedures for that campus.

Standards of Conduct

At Vernon Christian School we are committed to walk faithfully with our God and to work together as a community to reflect His light in the world. It is therefore an essential part of education at Vernon Christian School to teach our students to live a life honoring to God by exercising good manners and correcting undesirable behavior.

Bullying and Harassment

Bullying is when someone uses his/her power to hurt or scare others. It does not mean those casual occurrences in the corridor, or the sudden flare-ups that may occasionally occur. Bullying is about a planned assault, be it verbal, physical, psychological, sexual or emotional upon another person. A person is bullied when he or she is exposed, repeatedly and over

time, to negative actions on the part of one or more persons. It may be done through actions and words including:

- Direct physical contact such as hitting or shoving
- Verbal assaults such as teasing or name-calling
- Socially isolating or manipulating a student

Harassment refers to behavior, gestures, comments or displayed materials of a seriously racial, religious, gender based or personal matter that is intended to create a hostile or offensive environment for another person or persons.

Harassment and bullying are contrary to our Standards of Conduct and will not be tolerated at VCS. Staff, students and parents are strongly urged to report all incidents to the school administration.

VCS Dress Code

Our scriptural principles for dress code comes from 1 Corinthians 10: 23 – 24:

“Everything is permissible, but not everything is beneficial. Every thing is permissible, but not everything is constructive. Nobody should seek his own good, but the good of others.”

At Vernon Christian School we believe that dressing modestly and neatly are important aspects of promoting an orderly and positive learning environment for all students in our school. We believe the school has a communal responsibility to encourage students to present themselves in a Godly manner, which also includes appropriate attire for a school setting.

The following expectations flow from our school’s Standards of Conduct and are consistent with our school’s motto *A Heart for God, A Mind for Truth*.

Expectations:

- Midriffs will be covered
- Tops must conceal cleavage
- Undergarments are not to be visible
- All tops must have sleeves
- Shorts, dresses and skirts should be modest in length and fit and, when in question, shall reach the end of the fingertips when arms are down
- When wearing leggings/yoga pants, buttocks region must be covered with an additional layer – skirt, dress, shorts or a long shirt
- Hats are not to be worn in the building
- Clothing with words/logos or images of drugs, alcohol, sex, violence, prejudice or profanity are not acceptable

Note: The dress code applies to school functions as well as to each school day. However, on certain occasions (PE classes, field trips, beach-day, music programs, etc.), more casual or more formal clothing might be appropriate.

Response to Dress Code issues:

If students are dressed inappropriately for school, they will be asked to change. The office may be able to lend suitable attire to the student if required, or a parent may need to be called

to bring clothing to the school. If an uncooperative pattern develops, parents will be notified and disciplinary steps will be taken with the student. Where differences of opinion concerning clothing exist, the administration has the responsibility to use its judgment.

Appeals Procedures

Parents may appeal the decision of the school regarding discipline matters at any stage of the proceedings. Parents must first go to the person directly involved before moving up the normal levels of authority as follows:

- Teacher
- Principal
- Education Committee
- Board

The final level of appeal is the Discipline Committee made up of one Teacher and one Education Committee member and two parents.

Attendance and Punctuality

Attendance

Regular attendance at school is an important ingredient for successful participation and achievement. Students are expected to attend school regularly, missing only due to illness, for appointments, or as a result of other unavoidable circumstances. Prolonged or frequent absence affects learning. In addition, it creates extra work for students and teachers. Government grants assigned to the school by the Ministry of Education are done so on the basis of daily attendance.

If a student is or will be absent, it is important that a parent/guardian contact the office at either scoffice@vcs.ca or ecoffice@vcs.ca, or by phone.

If a student is absent, he/she needs to take the following steps:

- 1) contact a class-mate for notes and a summary of class material and instruction
- 2) check their MySchool account for assignments and due dates
- 3) contact the teacher in advance or upon return for handouts or instructions

In the case of an extended absence, please notify the school as soon as possible. Teachers may be able to provide the student with materials in advance, but most work will need to be caught-up upon return. Students are responsible to contact the teacher and request special arrangements if they have or will miss a test or assignment. To compensate for missed instruction, students will need to seek help from classmates and/or research external materials and resources.

Late

In order to maximize instructional time and limit disruption to the learning of others, students are expected to arrive for their classes prior to the start time with the appropriate materials. Each campus has established procedures to address students who are late.

COMMUNICATION BETWEEN SCHOOL AND PARENTS

MySchool

Our main method of communicating with parents and students is through our MySchool accounts. Report cards, homework, marks, messages, etc. are all stored here and accessible from any computer.

VCS Website www.vcs.ca

Another way for communicating with parents is the school website. It has a calendar that lists important dates and information regarding events current and upcoming that concern the school and community. It also includes information from Administration and the Board. The website is updated on a regular basis.

Email

We encourage the parents, school offices, administration, Board and teachers to use email as the most direct way to communicate with one another.

Reader Board

The reader board is strategically located on the top southeast corner of the Secondary Campus building. Please take time to read it regularly.

Parents - Teacher Interaction

Your child's teacher is your best source of information regarding his/her achievement, performance and or any other information regarding your child. We suggest they be your first point of contact. If you are dissatisfied with the information or tone of that interaction then you should connect with the campus Principal. For general school information your campus secretary is the person to contact. In order to foster open and clear communication parents are encouraged to discuss any general concern, observation or suggestion for improvement with anyone on staff. We want your input.

Our teachers will communicate with you through formal reports and at parent/teacher interviews. They will also communicate with you via email, the phone and of course in face-to-face conversations.

Parents - School Board Interaction

The School Board meets monthly and highlights important information from it on the school website. The Board also hosts school Society Meetings to keep parents informed about the direction of the school and provide opportunity for input from the society members. Individual Board members will be in contact with parents and are open to discuss any matters concerning the school. They may be contacted directly or through the school offices.

PARENT VOLUNTEERS

Vernon Christian School would not be as vibrant, friendly and successful if it did not have the prayers, involvement and commitment that it receives from its parent community. If you wish to become a volunteer at our school, or know of someone (other family member, friend, etc.) that would like to become a volunteer, there are 2 very important things that will need to be completed before you volunteer:

1. Criminal Record Checks (CRC)

A volunteer who needs a Criminal Record Check is anyone who is NOT PAID and helps in a classroom or anywhere in the school (i.e. hot lunches, One-To-One Reading, etc.), drives for a field trip, and has any one-on-one contact with students at our school. We have signed up as an organization with the Ministry of Justice as a volunteer organization. The Criminal Record Checks (CRC) for volunteers are free of charge. If you fall in to this description of a volunteer, you will need to have a CRC done every 5 years. If you currently have a CRC that is less than 5 years old, you can forward it to the school in person or by email or fax. If you do not have a current CRC, your CRC is expired or about to expire, please visit our website at www.vcs.ca and look for the link for Criminal Record Checks. The instructions are easy to follow and the process to complete the application is easy and free. You will not be allowed to volunteer in any way until this process is complete and the school has received your clear CRC.

2. Vehicle Third Party Liability (TPL)

Once you have completed your Criminal Record Check and you plan on driving students to school related activities in your vehicle (field trips, sports games and tournaments, etc.) we require that you carry at least \$3 million in Third Party Liability on your vehicle insurance. We will need a copy of your vehicle insurance documents, showing this amount or higher. This is shown on the 2nd page of your vehicle insurance papers (if coverage is through ICBC). If you have more than 1 vehicle that you may use to transport students, we will need a copy of this paper for EACH of these vehicles. You can bring your papers in to either school office for us to photocopy or you can scan them and email them to either ecoffice@vcs.ca or scoffice@vcs.ca. These documents will be kept confidentially in a secure location.

Parents may become involved in the following ways:

Gifts

Vernon Christian School is a faith operation. Tuition, Government Grants and fees do not cover the total cost of education for the students. Gifts from parents and friends of the school are income tax deductible, and greatly enhance the school program.

Work Bees

From time to time, “work bees” will be called to carry out projects on the school buildings and grounds that are impossible in the regular schedule. Parents who have trade skills may be asked to help with special jobs during the year. Work bees are also a great opportunity to meet other parents and further strengthen the relationships built here at VCS.

School Board and Committees

Each year a number of committees are formed to promote various programs. These volunteers are vital to the operation of VCS. As the need arises, parents will be requested to

offer assistance.

In the Classroom

Each teacher is encouraged to have a Parent-Volunteer Coordinator to help the teacher organize various programs in the classroom. Cooperation of parents when asked is much appreciated.

VCS Parents In Action/VCS Auxiliary

This school support group sponsors events and activities that serve to further promote and grow community spirit. Some of the events include an annual gift-wrapping fundraiser, monthly hot lunch days and community BBQ's.

Volunteer Database

Each year the school sends out a volunteer questionnaire for parents to fill out. The purpose of the questionnaire is to compile a database for the school to access volunteers whose assistance can give support and in some cases save money on maintenance and repair costs.

SCHOOL LIBRARY

The Library at each campus plays an important role in the lives of students, teachers, parents and society members. Books are carefully chosen to support the philosophy and educational program of the school. Resources for adults, especially for parents, are also available at either campus.

The Teacher-Librarian requests all students, staff and parents adhere to the following regulations:

- 1) The Library is primarily a place to enjoy reading, study and research.
- 2) Books must be checked out by the Teacher-Librarian, Library Technician or volunteer.
- 3) Please respect the due date.
- 4) Books being returned must be dropped in the return slot and not returned directly to the shelves.
- 5) Treat magazines with care and return them to the magazine holder above the drop-in box. Do not remove pages or pictures from any books or magazines.
- 6) No food or drink is allowed in the Library at any time and the room is to be left neat and orderly.
- 7) The Library is to be used at the designated times or under the control of a teacher.

Each class at the elementary campus is assigned a Library period when books may be checked out or returned. Students with overdue books may not sign out another book from the Library until the overdue book is returned. Books that are lost or badly damaged must be replaced by the student who had the book in their possession. Report cards are not issued until all books are returned or replaced. Parents and Society members are welcome to use Library resources.

GENERAL INFORMATION

Fire, Earthquake & Lockdown Drills

Classes will be oriented in the emergency procedures of the school at the beginning of the year. Students are to treat earthquake drills, fire drills, lockdown drills and other emergency procedure practices with seriousness and respect. Parents and visitors to the school are expected to participate in all drills.

Lost and Found

Students are encouraged to take personal belongings home every day. All items left behind are removed from the classrooms, bathrooms and hallways each day and placed in the lost and found box. Articles not claimed will be given to the Upper Room Mission.

Inclement Weather

The teachers will decide when the weather conditions are severe enough for students to stay inside during recess, noon hour or prior to opening of school. If a child has to stay inside for health reasons, a note from the parent is needed. If a child will be staying inside for an extended period of time, a doctor's certificate is required.

Visitors

Parents and others are encouraged to visit our school. However, common courtesy requires that prior arrangements be made with the teacher or principal and that they sign in at the campus office.

First Aid and Accident Procedure

All injuries to students will be brought to the attention of a staff member. If the injury warrants, the designated first aid specialist on staff will be notified person in the school. The homeroom teacher will then fill out an Accident Report Form. Parents will be informed of injuries requiring an Accident Report Form.

Health Information

The Public Health Nurse visits the school regularly and is available for consultation when necessary. Before enrolling in Kindergarten be sure to contact the health nurse at the local Health Unit to ensure that your child has the proper immunizations. The school has information regarding communicable diseases such as chicken pox or mumps, their incubation periods and how long they should be excluded from school.

Kindergarten students receive hearing, vision and dental screening. All grade 6 students receive Hepatitis B shots, and Grade 9 students receive a Diphtheria/Tetanus Booster shot, with the permission of their parents. Other inoculations may be administered but will be done only after parents have been informed and their permission is received.

Students required to take regular medication must leave the medication, carefully labeled, with the homeroom teacher or office. A **Request for Administration of Medication at School Form** must be filled out by the parent, or in some instances, by the child's physician. It must

also be signed by the Public Health Nurse and Teacher responsible for administering the medication. **If there are any changes to the amount or type of medication, a parent signature is required to verify the change.** This form is available upon request at the school office. Basic first aid supplies are kept at school, however **the school will not supply any medication to students.**

Student Illness

Some illnesses and situations require a child to be absent from school to prevent the spread of infection to other students or staff, and to allow the child time to rest, recover and be treated for the illness.

There are 3 main reasons to keep sick children at home:

1. Your child doesn't feel well enough to take part in normal activities.
2. Your child needs more care than teachers and staff can give while still caring for other children
3. The illness is on the list, below, and staying home is recommended to prevent the spread of the illness to other students and staff. Please teach your child proper hand-washing techniques to prevent the spread of many illnesses.

Please help keep our school healthy by following the guidelines below. Keep children at home if they have conditions such as, but not limited to the following:

- A fever of 38 C (100 F) or higher – keep them home for 24 hours after the fever is gone
- Vomiting or diarrhea – keep them home for at least 24 hours after the last episode
- A severe sore throat, including Strep Throat – particularly if you can see white or red spots at the back of the throat or if they also have a fever – may return after 24 hours of antibiotic use
- A rash with a fever
- Communicable diseases – such as but not limited to Influenza, Chicken Pox, Measles, Mumps, Pertussis, Meningitis, Mononucleosis, etc. – may return when cleared by their medical provider
- A deep hacking cough – along with a runny nose and headache
- Untreated infections of the eye, ear or skin including Pink Eye
- Different behaviour from normal (acting unwell)

If a student arrives at school with symptoms or develops symptoms indicative of a condition listed above, a parent/guardian will be contacted and asked to pick the child up as soon as possible. The parent/guardian needs to maintain direct contact with the school's Administration if the child is diagnosed with any communicable disease so that the school can take appropriate steps to protect the entire student population and staff.

Head Lice

Children should not be excluded from the community or school due to head lice. If there are problems with the treatment, parents are encouraged to consult a public health nurse for information and resources.

Head lice can affect anyone. Head lice are annoying and may cause itching, but they do not transmit or cause disease. Children and adults' reactions to head lice can subject children to teasing, bullying and isolation. Reactions to head lice can significantly interfere with a child's

emotional well-being, social status in the classroom and ability to learn. For these reasons, head lice infestations should be treated.

For best control of head lice:

- The primary responsibility for control of head lice rests with the family.
- Public health nurses can answer questions about the management of head lice.
- If a child has head lice they can continue to have contact with others for the remainder of the day. The parents will be told so that they can begin treatment as soon as possible.
- To prevent the spread of head lice and ensure that the child has received treatment, information letters will be given to parents and classroom contacts.

Textbooks

All necessary textbooks will be provided for students. Students must remember that they are responsible for books issued to them. Defacing books in any way is not allowed.

Field Trips

Educational field trips are taken in conjunction with different units being taught. An information form including pertinent information about the trip is sent home or emailed home for each field trip. There will also be a Permission Form Request emailed home through MySchool. Parents/guardians must indicate their acceptance or declining of the online MySchool Permission Request. Without this acceptance, your child will not be allowed to attend the field trip. A charge may be assessed for transportation or for admission. Parents may also be asked to help supervise or drive on field trips. You will need to have a complete and clear Criminal Record Check (see page 20). Also ICBC recommends that drivers carry \$3,000,000 in Third Party Liability (see page 21). School rules regarding conduct and dress are applicable on field trips.

Insurance

The school carries an accident policy covering students during the school day and school trips. Details of coverage are available from the school office.

Internet Use

The incredible resources of the Internet are provided so that students may utilize it as a research tool to enhance their educational experience while at VCS. To ensure proper respect and instill accountability, students from Grades 4 to 12 are asked to sign the Consent Form indicating their agreement and support of the guidelines indicated in the Internet Use Policy Agreement Contract. Students who do not sign the agreement will forfeit their Internet privileges. Students disregarding the guidelines may lose their Internet privileges and face additional disciplinary measures as well.

Supervision

The school offers supervision before and after school as well as during recess and lunch hour. A teacher will be on supervision for the morning recess, a teacher and parent will be on duty during the lunch hour. A teacher or parent will be on duty for morning supervision that begins at 8:00 a.m. and goes until school starts. After school supervision goes from the end of the

school day until 3:20 p.m. During supervision times, the school will be responsible for students in the building and/or on the playground. Other than scheduled extra curricular activities that extend beyond these times, parents will be responsible for their children. Keeping this in mind, please do not drop your children off before the supervision begins in the morning or pick them up after 3:30 p.m.

Supervision at the Secondary campus coverage also happens at the same times as at the Elementary Campus.

Child Protection Procedures

Vernon Christian School's procedures are consistent with current government legislation.

Student File Disclosure Procedure

In the event that a parent wishes to have access to their child's school files, they must give the school five days advance notice.

Personal Information Privacy Act (PIPA)

Vernon Christian School adheres to the PIPA in regards to all information collected from parents. Please visit the school office if you would like a copy of the Personal Information Privacy Act.

ADMISSIONS INFORMATION

Vernon Christian School is open to people of all backgrounds. It is however, a Christian school that has its roots in evangelical Christianity. All new families interested in enrolling in the school must complete the Student Enrollment Forms and provide additional information requested on that form. An interview with school administration will precede the admission of new students. Parents must consent to support the educational philosophy, policies, Biblical principles and the Vision Statement of VCS.

As part of our admissions policy parents are offered the choice of becoming full or associate members.

Full Membership is reserved for those parents who fully support, agree and adhere to ALL of the Vernon Christian School Society Constitution and Bylaws. A full member is categorized as a person who is a 'born again' Christian' who regularly and faithfully attends a church and is an active part of that church. A full member is entitled to vote at all Society general meetings, may run for and hold a position on the board of directors, sit on or chair a society committee and are encouraged to participate in all school activities.

Associate Membership is for parents who may or may not have made a personal decision to follow Christ or do not regularly and faithfully attend a church. They do not fully support the items as outlined in the Vernon Christian School Society Constitution and Bylaws and therefore do have some limitations placed on them. An associate member does not have a vote at any general meetings, they may not hold a position on the Board of Directors nor will they be able to 'Chair' a committee. Associate members are encouraged to sit on a committee of their choosing and be an active and integral part of the parent community here at VCS. Associate members are

encouraged to participate in all school activities.

Please refer to the membership section of the Vernon Christian School Bylaws for further information.

All parents and students in Grades 4 to 12 must signify their support of the school's Standards of Conduct by signing the Consent Form on the admission form.

New students are accepted for a probationary period of three months. Parents will be informed if the period needs to be extended.

Students will only be accepted if the school can meet their educational needs.

If school enrollment is full a wait list will be established. Families on the waiting list will be notified whenever a vacancy arises. Families with students on the wait list must confirm with the school after January 1 if they wish their child(ren) to be considered for enrollment in the following September.

TUITION FEES

The funds needed to provide for the operation of Vernon Christian School are obtained from three main sources:

- 1) Donations from churches, friends, parents and families.
- 2) A government grant per child, which is presently 50% of the operating cost per pupil in the local school district; and
- 3) A tuition fee per family.

The tuition fee is set annually by the School Board and approved by the Society at the Annual meeting. It is the Board's goal to offer an excellent Christian education and at the same time keep the tuition fee as reasonable as possible.

The tuition fee is due on the first of the month. Parents have the option to pay their tuition fee in advance or in 10 or 11 equal monthly installments. The school accepts post-dated cheques or pre-authorized automatic bank debits.

It is expected that parents keep their tuition accounts current. If a family experiences genuine financial difficulties, we will be pleased to help and discuss alternate arrangements; however, we expect that parents inform the school before they fall behind in their financial commitment. It is expected that the school as well as the parents, maintain a good Christian witness by proper financial management and open dealings with each other.

A non-refundable registration fee is due each year. Payment is due from VCS families when they re-enroll and from new families when they apply for enrollment. This registration fee will be deducted from the following June tuition.

CONCLUSION

We are not able to include every possible situation in this handbook nor are all possible situations covered by our policies. However, the school is committed to addressing all situations through the application of Christian principles. We will attempt to keep parents and students informed of all changes in this manual as well as changes made to our policies. It is our prayer that the Lord will reward our efforts to work together as a Christian community to provide our students with a good academic education, a wholesome Christian view of life, and consistent encouragement to become obedient to Jesus Christ and His Word. God bless you as you join us in this task.

APPENDIX B

Vernon Christian School

Communities Standards

The Vernon Christian School Society functions as a Christian community and all administrators, teachers, staff, board and committee members are called to promote and advance the vision of Vernon Christian School. In order to do so all administrators, teachers, staff, board and committee members are expected to adhere to the standards of conduct, which the Society holds for itself.

The standards of conduct of the school are found in the constitution and its other constituting documents, policies, employment contracts and various handbooks. This policy is not intended to replace those standards but to restate and to add to them.

Administrators, teachers and staff must, as a term and condition of their employment, support and adhere to the standards of conduct held by the society, wherever such requirements are found. Likewise, the board and committee members shall only hold office if they support and adhere to the same standards of conduct. As these people occupy positions of leadership within the school, these standards must be adhered to in their public and private life and in school related and non-school related activities.

Standards and Responsibilities

Beyond the standards and laws by which all citizens of our country are governed, the Vernon Christian School Society recognizes the final authority of the Biblical Scriptures in all matters of Christian faith and life. The standards of conduct for Vernon Christian School are rooted in the great command of Jesus in Matthew 22:37-40 that we first “Love the Lord your God with all your heart and with all your soul and with all your mind”, and second “Love your neighbour as yourself”. It is these two commandments that set the ultimate standard for all conduct in the Vernon Christian School.

Administrators, teachers, staff, board and committee members show they love the Lord by submitting in all things to Christ’s authority and by devoting themselves to prayer and the reading and study of scripture and through an exemplary Christian walk in speech and acts that is evident both inside and outside of Vernon Christian School.

Administrators, teachers, staff, board and committee members can demonstrate that they love their neighbours, students and all others in the school community by honouring and respecting each person as a reflection of God their Maker and motivating them to develop their unique gifts so that they may better serve others as God has called them to do. Administrators, teachers, staff, board, and committee members ought to be willing to encourage and discipline in a way that demonstrates love.

The following particular standards of conduct of Vernon Christian School Society are important non-exhaustive examples of how administrators, teachers, staff, board and committee members are to function in the school:

- active involvement in a Christian church
- commitment to uphold the covenant of heterosexual marriage
- respect for the human life in all of its stages
- refrain from sexual misconduct such as adultery, sexual relations outside of heterosexual

- marriage, the use of pornography or other sexually explicit material and the like
- refrain from the abuse of alcohol and drugs
- refrain from criminal activity or serious wrongdoing
- refrain from all slander, gossip and verbal abuse

The standards for employment and leadership for the Vernon Christian School Society can be found in the New Testament books of Timothy and Titus among others.

Vernon Christian Schools is a community. Allegiance to that community is demonstrated through agreement with the school's standards of conduct and through the modeling of conduct that is consistent with those standards. All people involved should understand that their high profile in the Christian community may make it expedient for them to sometimes voluntarily limit certain personal freedoms that may offend others in the community (I Cor. 10:23-24).

Vernon Christian School is a place of diversity and the potential exists for there to be differences in the school regarding whether certain conduct breaches the standards of conduct of the Vernon Christian School Society. In the case of such a difference, which remains unresolved, the board of the Vernon Christian School shall make the final determination around such a matter.

Process

The consequences of breach will be determined on a case-by-case basis in view of the relevant circumstances. The consequences of breach may involve a letter of reprimand, suspension from duties and termination, depending on the nature and seriousness of the breach. For some single instances of breach, such as a serious sexual misconduct, immediate termination may be the consequence. In cases of less serious breach, some form of progressive discipline will be imposed. In all cases of breach, discernment will be exercised to recognize the difference between a single and deeply regretted mistake and a flagrantly disobedient lifestyle, which is not open to correction. In serious cases of breach the board may at its discretion strike an ad hoc committee whose task will be to meet with the person or persons involved. The committee must be represented by both genders and will be composed of a Pastor, board member and parent at large. This committee has no decision-making powers and will report directly to the board in an advisory capacity.

In all cases of breach, disputes pertaining to community standards will be sought to be resolved directly between the parties, failing which the dispute will then be referred to the Mediation and Arbitration Committee of the Society of Christian School of British Columbia (SCSBC) in accordance with its policies and procedures.

This policy of the Vernon Christian School Society is a term and condition of employment, and for holding a leadership position within the Vernon Christian School community.

APPENDIX C

Vernon Christian School

Standards of Conduct

At Vernon Christian School we are committed to walk faithfully with our God and to work together as a community to reflect His light in the world. It is therefore an essential part of the education at V.C.S. to teach our students to live a life honoring to God by exercising good manners and correcting undesirable behavior.

Students are expected to show reverence for God by:

- respecting times of Bible readings, singing of spiritual songs and prayer;
- not using God's name in vain.

Students must honor those God has placed in authority over them by:

- responding quickly and courteously to a teacher's instructions;
- addressing teachers and other staff by their proper title (Mr., Mrs., Miss plus last name);
- treating teacher's desk and property as 'off limits';
- respecting non-student areas such as office, staff-room and supply rooms;
- being in class and ready for instruction by the designated start times at the beginning of the day and after recesses;
- responding respectfully to parents and other adults of the school community.

Students must treat each other the way they wish to be treated by:

- addressing each other respectfully, and not by demeaning 'nicknames';
- being courteous to each other and using phrases such as 'excuse me' and 'thank you';
- apologizing for a wrong doing;
- looking behind them and holding the door if someone is following;
- not running or bumping into anyone in the hallway;
- talking about others in the same manner they wish to be talked about, i.e.: making only complimentary remarks about other's appearance, no gossip;
- not making someone else's life miserable by teasing and 'bugging'.

Students must respect each other's property and school property by:

- asking for permission before using another student's property;
- keeping classrooms, desks, lockers and counters tidy;
- using garbage pails for litter;
- wearing clean indoor shoes inside the building;
- not writing on the buildings, furniture, books or any other school resources.

Students are expected to exercise self-discipline by:

- paying attention to their language and avoiding rude expressions;
- raising their hands when wanting to talk, and not interrupting their teacher or other students;
- completing assignments to the best of their ability and by the date due;
- taking pride in their appearance by being tidy and well groomed at all times;
- dressing modestly and appropriately for the school day.

VCS Dress Code

Our scriptural guideline comes from 1 Corinthians 10: 23 – 24, 32,33:

“Everything is permissible, but not everything is beneficial. Every thing is permissible, but not everything is constructive. Nobody should seek his own good, but the good of others.... Do not cause anyone to stumble, whether Jews, Greeks or the church of God – even as I try to please everybody in every way. For I am not seeking my own good but the good of many, so that they may be saved.”

At Vernon Christian school we believe that dressing modestly and neatly are important aspects of promoting a Christ-centered learning community. We believe the school has a communal responsibility to encourage students to honor God and show respect for themselves and others by dressing appropriately for a school setting. The following guidelines are to help provide clarity and consistency in meeting this responsibility.

Dress Code Guidelines:

- Midriffs will be covered
- All tops must have sleeves
- Skirt and shorts must be of a modest length and fit
- Undergarments are not to be visible
- Tops must conceal cleavage
- Hats cannot be worn in school between 8:30 am and 3:00 pm
- Clothing with words/logos or images of drugs, alcohol, sex, violence, prejudice or profanity are not acceptable

Response to Dress Code issues:

If students are dressed inappropriately for school they will be asked to change to an appropriate article of clothing. The office will provide suitable attire if required. Parents will be notified at the onset of any concerns regarding their child’s attire at school. Administration, parents and student(s) will meet as soon as possible if clarification about the school dress code needs to be discussed. Parents are expected to support the staff by talking to their children about these guidelines and encouraging adherence to them.

These standards must be adhered to by the students, and will be actively promoted by the staff of Vernon Christian School. Parents are expected to support the staff by talking to their children about these guidelines and encouraging adherence to them.

If a student does not respond to correction from a teacher, the parents will be informed and must take responsibility for their child’s misconduct. Should inappropriate behavior continue, the principal has the authority to suspend a student; the school board has the authority to expel a student.

The following violations will lead to a suspension or expulsion upon the first offense:

- bringing tobacco products, alcoholic beverages or non-prescription drugs to school or school functions for the purpose of using and/or selling them.
- stealing from the school, school personnel, or a student.
- falsely accusing another student of a wrongdoing.

- bodily harm using a weapon or something that could be used as a weapon.
- causing bodily harm, for example, in a fight.
- bringing pornographic material to school for the purpose of showing, displaying or selling.
- sexually explicit inappropriate behavior.

Before a student is expelled, the parent will receive the opportunity for an interview with the principal and member(s) of the school board. It is the school's desire to lead the student to honest repentance, followed by a process of reconciliation.

Internet Use Policy

Students using technology provided by the school are to display a responsible for appropriate use of and behavior associated with that technology. The school has adopted the following thematic statement regarding all aspects computer education at VCS.

THEMATIC STATEMENT: COMPUTERS

Educating students to be computer literate in a technologically-based society requires them to discern the difference between being in the world, not of the world - knowing that God does not change in their changing environment. As stated in Romans 12:2:

*“Do not conform any longer to the pattern of this world,
but be transformed by the renewing of your mind.
Then you will be able to test and approve what God’s will is -
his good, pleasing, and perfect will.”*

The technological demands of today reflect our ever-changing society. At Vernon Christian School we therefore emphasize that computer technology is a tool, not the focal point of our lives.

Our responsibility is to serve God who is eternal and unchanging. It is therefore necessary for students to exercise discerning capabilities in order to understand God’s world and be equipped with the necessary knowledge and skills to function in a technological society.

“Jesus is the same yesterday and today and forever”.
Hebrews 13:8

All parents and students are asked to sign the Agreement Contract on the next page and return it to the school as soon as possible. Students who have not signed the agreement will not be given Internet privileges. Students disregarding the guidelines listed below may lose their Internet privileges and face additional disciplinary measures as well.

Agreement Contract

Access to use of the Internet is to be regarded a privilege and not a right. The incredible resources of the Internet are provided so that students may utilize it as a research tool to enhance their educational experience while at VCS. To ensure proper respect and instill accountability all students are asked to sign the following contract.

1. I will not use the Internet outside to class time with out proper teacher supervision.
2. I will tell my teacher if I come across any material that concerns me or makes me feel uncomfortable.
3. I will not use the Internet to search for or transmit information that is inappropriate, disrespectful or harmful to others.
4. I will not use any Internet chat lines or join any on line clubs.
5. I will not give out any personal information i.e. Photo, home address, phone number, or other information with out my teachers consent.
6. I will not use the Internet for personal advertising or other personal gain.
7. I will not use the Internet to copy, knowingly or unknowingly, another student's files.
8. I will use the phrase "What would Jesus do?" as a guideline to help me discern positive choices on the Internet.

Child Protection Procedure

All of us - families, communities and service providers share responsibility for the safety and well being of our children. That means we must all work together and, if we suspect that child abuse or neglect is taking place, we must report it to a child welfare worker. Vernon Christian School community acknowledges that the primary responsibility for children's safety and well-being rests with their parents. Where a parent is unwilling or unable to care for a child or protect the child from harm, child welfare workers are authorized to intervene.

As teachers or staff we have opportunities to speak with and observe children's behaviour and may notice changes in them over time. Our role therefore is to be aware of, and alert to, signs of child abuse or neglect. If any one of us has reason to suspect that a child has been, or is likely to be, at risk for abuse or neglect, we have a legal duty to report our concern to a child welfare worker. If a student is in immediate danger, we need to call the police first. Due to our situation in a school setting we have a very important role to play in responding to child abuse or neglect.

The Principal of each Campus will review this policy on an annual basis with teachers and non-teaching staff. The review will include the looking at *The BC Handbook for Action on Child Abuse and Neglect* as well as *Supporting Our students: A guide for Independent School Personnel responding to Child Abuse*, a publication of the Independent School Branch.

Staff in-service and Education plan

Staff will review the School's Child Protection Policy at a Principal led workshop to be held during the first week staff is back to school before school begins. The workshop will include the following:

- examining answering any questions staff may have in regards to the school policy and "*Supporting Our Students: A Guide for Independent School Personnel Responding to Child Abuse*" and answering any questions staff may have.
- leading a discussion of "*The BC Handbook for Action on Child Abuse and Neglect*" and the Campus Principal ensuring that each classroom and office has copy of it in an accessible location.

The Campus Principal will, at the time of hiring, inform any staff member who joins the staff partway through the year of the school policy.

Duty to Report: Any person with reason to believe that a child needs protection has a duty to report directly to a child welfare worker. Informing another person (e.g., a colleague or the principal) does not discharge your legal duty to report directly to a child welfare worker.

Protocol for Reporting Child Abuse or Neglect

1. If a person has reasonable grounds to believe a child is the victim of abuse or neglect, they should immediately report the matter, in detail, to the Campus Principal or designate. On receiving a report of child abuse or neglect the Campus Principal will:
 - Affirm the reporter and take the responsibility of notifying the Ministry of Children and Family

Development (MCFD) of the incident by calling 250-558-2700. The Campus Principal's report to MCFD shall include the following:

- i. informing the MCFD who reported and ascertaining if that person must also call MCFD;
 - ii. explaining the situation in detail and provide MCFD all relevant information;
 - iii. inquiring, in the case of an Aboriginal child, if there is a Delegated Aboriginal Child and Family Services Agency in the area that needs to be notified;
 - iv. inquiring as to whether the police need to be informed of the matter;
 - v. Notify the School Board Chairperson on the day of reporting to the MCFD the circumstances of the incident.
 - vi. Co-operate with the authorities in any investigation of child abuse or neglect subject to the Vernon Christian School Privacy Policy.
2. It is the reporter's responsibility to ensure that the Principal has reported the incident to MCFD.
 3. The Vernon Christian School has no jurisdiction in regards to investigating matter of child abuse and neglect.
 4. The Vernon Christian School should not contact the parents or guardians of the child or the alleged offender unless given leave to by the investigating social worker or police officer. If given, the Campus Principal may contact these persons to provide support and assistance.
 5. If representatives of MCFD come to the school as part of their investigation, proper identification must be presented before speaking to a student will be permitted. School personnel will request to be present during any interview with the student.
 6. The school should also co-operate with the authorities in any intervention that takes place. The school will make itself available to provide support and assistance to the child, parents or the alleged offender and to direct these persons to a school counselor or other services within the Christian community.

It is expected that campus principal will provide all relevant information to the investigating social worker and/or police officer when reporting a matter subject to the Vernon Christian School Privacy Policy. Aside from this, all information obtained by educators about child abuse and neglect cases, oral and written, is confidential and will only be disclosed to those persons with a legal mandate to investigate the abuse, or to the person or persons who the investigators allow it to be disclosed to.

Assessment Guidelines

Grading and Reporting

1. We believe that the purpose of grading is to communicate an accurate evaluation of a student's ability to meet the learning outcomes of each course/subject. Therefore, student progress will be reported in two **separate** ways:
 - a. *Grades*: a percentage and/or letter-grade, which is a measurement of academic achievement (what a student knows and is able to do)
 - b. *Behavior*: descriptions of the characteristics, actions, and work habits that support achievement
2. In order to assign accurate grades, which support learning and encourage student success, teachers should follow these guidelines:
 - a. Individual achievement of learning outcomes should be the only basis for grades. Other student characteristics such as effort, attitude, behavior, work habits, late completion of assignments, absences, etc., should not be factored into grades, but should be treated as behavioral issues, and should be addressed and/or reported separately.
 - b. Grades should only include summative assessments (assessments OF learning), while formative assessments (assessments FOR learning - practice) are marked and recorded, and/or given feedback only to support the learning process, and are not included in grades.
 - c. Grades should always be assigned in reference to specified achievement targets, comparing students' performance against a standard or rubric, rather than against other students in the class (on a curve).
 - d. Grade calculation procedures should be carefully considered, to ensure that the grade each student receives is an accurate and up-to-date measurement of what he/she knows and can do:

Examples:

 - i. emphasizing the most recent summative assessment information
 - ii. basing grades on a "body of evidence" (using the most consistent level of achievement rather than always using the average)
 - iii. exercising professional judgment (discerning and determining, rather than just "calculating" grades)
 - iv. not assigning 0's for missing assessment evidence, but using alternatives such as "I" (incomplete)
 - e. Grades should be based on quality assessment methods with evidence properly recorded
 - i. summative and formative assessments should be recorded separately
 - ii. tests, quizzes, projects, etc. should meet the standards for quality assessment (clear targets, clear purpose, appropriate target-method match, appropriate sampling, and avoidance of bias or distortion)

- f. Students should be provided with a variety of opportunities to demonstrate mastery of learning outcomes, including opportunities to be reassessed to reflect re-taught/re-learned content. Teachers will determine areas where reassessment is possible, and inform students of the conditions that apply (examples: requiring students to make test corrections or provide study notes as evidence of new learning)
 - g. Students should be active participants in the assessment and grading process to ensure that they understand how their grades will be determined, and so that they can communicate meaningfully about their own achievement and progress.
3. Non-completion of essential tasks:
- Some tasks are essential for evidence of learning and must be completed for students to meet the requirements of a course or subject.
 - If such a task has not been completed before the end of a grading period, an “I” (Incomplete/In-progress) will be used on the report card to indicate that course requirements have not been met, and therefore course credits have not been earned. All I’s assigned by teachers will be accompanied with an action plan and timeline.
4. Communicating about student progress:
- We believe that partnership between the school and the home is vital in the growth and education of each student, and therefore recognize the schools’ responsibility to keep parents informed about student progress. Parents can expect timely, understandable, meaningful information about student progress, including work habits, behavior, and academic achievement.
 - Teachers may use a variety of methods to communicate information about student progress:
 - Parent/teacher conferences
 - Report card grades and comments
 - Formal or informal interim reports which may take a number of forms: mark-book print-outs, anecdotal updates or narrative descriptions (letter/email/phone/face-to-face), checklists, or portfolios of various kinds.
 - Test/quiz/project assessment results sent home with students or communicated by email/phone
 - Teachers will communicate learning expectations and assessment criteria to students in clear, easily understandable language, indicating how summative assessments will be calculated into course grades. Teachers shall discuss classroom assessment practices with students at the beginning of instruction.
